## How To Connect Mc700 To Traktor Pro 2

Jan 25, 2017 Traktor Pro 2, the current model, is the industry leading DJ software that puts ease of use first, which really shows with it's simple approach to managing multiple tracks at once with up to 4 DJ decks.. Load up tracks in your decks, sync to your master track, and adjust each deck to manipulate your mix's output quality the way you want it.. Click on it to open the settings The ASIO4ALL control panel will list all audio devices currently connected to your system.. Open TRAKTOR and select the ASIO4ALL (ASIO) driver under Audio Device in Preferences Audio Setup.. Once the driver has been selected, the ASIO4ALL icon will appear on the Desktop's toolbar.
